Great Central Expanding.

Recent developments indicate that the big C., H. & D.-Pere Marquette railroad combligation, otherwise known as the Great Central system, is srieuginening its position as one of the chief factors in middle west transportation facilities. Through railways which the C. ANOTHER OILER AT ELWOOD. Speculators Are Flotking in, But All

Leases Are Taken. the two biggest wells in the county have been drilled by local converss. A week ago the Elwood Oli and Development company, in the field southeast, shot a well that has yielded a flow of seventy-five barrels a day. Yesterday a well drilled by Critchlow Brothers, was shot and for two hours oil flowed high over the derrick. (iii men are unable to estimate its capacity, and it was not until this afternoon that the flow was placed under control. Oil speculators are flocking in from bull a dozen states but the home people have securred all leaves in a radius of two

Why We Always Have the Allendance of Thinking Pcople.

People who look into Whitney & Currier's during the busy hours always see some customers. It's not strange. They are thinking people who know values, who appreciate high class pianos, and who aren't afraid to go a few blocks to save money. Nobody ever buys a piano here but they save something. That's worth remembering. Try it when you are ready for your piano and see how well a little thinking pays.

We sell the good ones, viz; Steinway, Knabe, Weber, Whitney & Currier, Boardman & Gray, Kimball, Ludwig and many others.
